

Information

Weight Distribution & Sway Control

Weight distribution kits are recommended for vehicles towing weights in excess of 5,000 lbs. Weight Distribution removes excess weight from rear axle of the tow vehicle (**fig. 1**) and distributes it over all axles of the vehicle and trailer (**fig. 2**). Weight Distribution provides level load, better braking and handling, less strain on vehicle and greater towing capacity.

Round Bar

Trunnion Bar

Part #	Rated Capacity Tongue Weight Gross Trailer Weight	Description
51090	1,200 lbs 12,000 lbs	Round bar style with built in sway control ball platform. Includes brackets, handle, bars, chain, hitch head, 10" shank and hardware. Allows up to 5 ³ / ₄ " rise and 2 ¹ / ₄ " drop.
49587	1,200 lbs 12,000 lbs	Trunnion (square) bar style with built in sway control ball platform. Includes brackets, handle, bars, chain, hitch head, 10" shank and hardware. Allows up to 6 ³ / ₄ " rise and 1 ¹ / ₄ " drop.
6637	-	Hook-up brackets (1-pair) with handle.
3210	-	Shank only
3216	-	Chain kit. Contains 2 chains, u-bolts, nuts and lock washers.
3311	-	Round bar retainer spring clips. Includes 2 spring clips and screws.
62115	1,000 lbs	Round spring bar kit. Contains 2 spring bars and chain kit.
3279	-	Round bar hitch head. Includes attachment hardware, pin and clip.
6666	1,000 lbs	Trunnion spring bar kit. Contains 2 spring bars and chain kit.
7979	-	Trunnion bar hitch head. Includes attachment hardware, pin and clip.

Sway Control

(More sway control kits and replacement parts available by request)

Part #	Description
51092	Friction Sway Control Assembly. Used to reduce trailer sway and improve handling in adverse conditions. Easy hook-up and removal. Adjustable friction for multiple towing situations.
3401	Sway Control Fastener Kit. Includes mounting hardware (self-tapping screws) and clips.
3422DT	Inner slide bar with vehicle end socket.
3442DT	Weld-on ball mounting bar
3443	1 ¹ / ₄ " ball with 5 ⁸ / ₁₆ " shank. Includes nut and lock washer.
3458	Main body assembly. Does not include inner slide bar.
3473-DT	Ball and plate assembly. Trailer side. Does not include mounting hardware or clip.
40660	Standard friction sway control and adapter, screw-on sway control assembly w/hardware. Black powder coat finish.
